

# Advanced Control Formulary<sup>®</sup>

The **CVS Caremark<sup>®</sup> Advanced Control Formulary<sup>®</sup>** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

## PLAN MEMBER

Your benefit plan provides you with a prescription benefit program administered by CVS Caremark<sup>®</sup>. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list along when you or a covered family member sees a doctor.

### Please note:

- Your specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the U.S. Food and Drug Administration (FDA) may not be covered upon release to the market.
- Your prescription benefit plan design may alter coverage of certain products or vary copay<sup>1</sup> amounts based on the condition being treated.
- You will be responsible for the full cost of products that are excluded from coverage.
- For specific information regarding your prescription benefit coverage and copay information, please visit [Caremark.com](http://Caremark.com) or contact a CVS Caremark Customer Care representative.
- CVS Caremark may contact your doctor after receiving your prescription to request consideration of a drug list product or generic equivalent. This may result in your doctor prescribing, when medically appropriate, a different brand-name product or generic equivalent in place of your original prescription.
- In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market.

## HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan administered by CVS Caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand name on this list.

### Please note:

- Generics should be considered the first line of prescribing.
- The member's prescription benefit plan design may alter coverage of certain products or vary copay amounts based on the condition being treated.
- This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the FDA may not be covered upon release to the market.
- The member's prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to [Caremark.com](http://Caremark.com) to check coverage and copay information for a specific medicine.

## ANALGESICS

### § COX-2 INHIBITORS

*celecoxib*

### § GOUT

*allopurinol*  
*colchicine tablet*  
*probenecid*  
MITIGARE

### § NSAIDs

*diclofenac sodium*  
*ibuprofen*  
*meloxicam tablet*  
*naproxen* (except *naproxen CR* or *naproxen suspension*)

### § NSAIDs, COMBINATIONS

*diclofenac sodium-misoprostol*

### § NSAIDs, TOPICAL

*diclofenac sodium gel 1%*  
*diclofenac sodium solution*

### § OPIOID ANALGESICS

*buprenorphine transdermal*  
*codeine-acetaminophen*  
*fentanyl transdermal*  
*fentanyl transmucosal*  
*hydrocodone ext-rel*  
*hydrocodone-acetaminophen*  
*hydromorphone*  
*methadone*  
*morphine*  
*morphine ext-rel*  
*oxycodone*  
*oxycodone-acetaminophen*  
*tramadol* (except NDC\* 52817019610)  
*tramadol ext-rel tablet*  
BELBUCA  
NUCYNTA  
NUCYNTA ER  
SUBSYS  
XTAMPZA ER

### VISCOSUPPLEMENTS

DUROLANE  
EUFLEXXA

GELSYN-3  
SUPARTZ FX

## ANTI-INFECTIVES

### ANTIBACTERIALS

#### § CEPHALOSPORINS

*cefdinir*  
*cefprozil*  
*cefuroxime axetil*  
*cephalexin*  
SUPRAX

#### § ERYTHROMYCINS / MACROLIDES

*azithromycin*  
*clarithromycin*  
*clarithromycin ext-rel*  
*erythromycins*  
DIFICID

#### § FLUOROQUINOLONES

*ciprofloxacin*  
*levofloxacin*  
*moxifloxacin*

### § PENICILLINS

*amoxicillin*  
*amoxicillin-clavulanate*  
*dicloxacillin*  
*penicillin VK*

### § TETRACYCLINES

*doxycycline hyclate capsule*  
*doxycycline hyclate tablet*  
(except *doxycycline hyclate tablet 50 mg, 75 mg, 150 mg*)  
*minocycline*  
*tetracycline*

### § ANTIFUNGALS

*fluconazole*  
*itraconazole*  
*terbinafine tablet*

### ANTIRETROVIRAL AGENTS

#### § ANTIRETROVIRAL COMBINATIONS

*abacavir-lamivudine*  
*efavirenz-emtricitabine-tenofovir disoproxil fumarate*  
*efavirenz-lamivudine-tenofovir disoproxil fumarate*  
*emtricitabine-tenofovir disoproxil fumarate*  
*lamivudine-zidovudine*

**FOR YOUR INFORMATION: Generics should be considered the first line of prescribing.** This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. New-to-market products and new variations of products already in the marketplace will not be added to the formulary immediately. Each product will be evaluated for clinical appropriateness and cost-effectiveness. Recommended additions to the formulary will be presented to the CVS Caremark National Pharmacy and Therapeutics Committee (or other appropriate reviewing body) for review and approval. In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to [Caremark.com](https://www.caremark.com) to check coverage and copay information for a specific medicine.

§ Generics are available in this class and should be considered the first line of prescribing.

\* Drug products are identified by unique numerical product identifiers, called National Drug Codes (NDC), which identify the manufacturer, strength, dosage form, formulation and package size.

\*\* Listing does not include certain NDCs\*.

† The preferred options in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

<sup>1</sup> Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

<sup>2</sup> For use in patients previously treated with an HCV regimen containing an NS5A inhibitor (for genotypes 1-6) or sofosbuvir without an NS5A inhibitor (for genotypes 1a or 3).

<sup>3</sup> An ACCU-CHEK or ONETOUCH blood glucose meter may be provided at no charge by the manufacturer to those individuals currently using a meter other than ACCU-CHEK or ONETOUCH. For more information on how to obtain a blood glucose meter, call: 1-877-418-4746.

<sup>4</sup> An exception process is in place for specific clinical or regulatory circumstances that may require coverage of an excluded medication.

<sup>5</sup> BD ULTRAFINE syringes and needles are the only preferred options.

<sup>6</sup> ACCU-CHEK or ONETOUCH brand test strips are the only preferred options.

<sup>7</sup> Generic prenatal vitamins are the only preferred options.

<sup>8</sup> Long Acting Insulins - First Generation.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.
